Dear William,

The above routine application has been given ethical approval by the Faculty of Science ethics committee. **Please ensure that any data collected is stored securely on encrypted, access-restricted servers maintained by Birkbeck and is compliant with GDPR standards for data processing and storage. Further, following the completion of the project, all data should be securely deleted in compliance with GDPR requirements.**

You should be aware that it is your responsibility to report any unexpected problems or events arising from the research that might have adverse consequences for you and/or your participants. In the first instance, please discuss with your supervisor who will advise you as to whether the problem causes a change to the planned research and needs further ethical approval from the committee. If so, please submit a revised application giving details of why this is necessary.

Approval for this study expires June 2029. If the study is still ongoing at the time, please submit a renewal of ethical approval.

Please retain this certificate for your records and use the reference number for all future communications.

Good luck with the research.
